Solid Waste*

Re: Solid waste disposal

Dear Mr. Gilmore:

We recently learned that you are transporting white plaster dust from the Ohio Precision Castings, Inc. and disposing of it in your foundry sand disposal site on Brandt Pike. In addition we learned you anticipate transporting fly ash from Cargill, Inc. to this same site.

The Ohio EPA has determined that both these industrial wastes are "solid waste" and therefore must be disposed of in a licensed landfill. Your foundry sand disposal site is not licensed.

The fly ash can be taken to any licensed landfill that can handle it. In Montgomery County the following sites which are suitable:

1. North Sanitary Landfill, 4220 Pinnacle Rd., Moraine
2. Powell Road Landfill, 4060 Powell Rd., Wayne Twp.
3. South Dayton Landfill, 1975 Springboro Pike, Moraine
4. Moraine Materials - Dryden Rd. Complex, Rear of 3265 Dryden Rd., Moraine
5. Moraine Materials, Hurt B Pit, Farmington Rd., Miami Twp.

The white plaster dust may only be taken to the first three licensed landfills in Montgomery County.

Mr. Russell A. Gilmore III
March 24, 1980
Page Two

This letter shall be considered an official order to dispose of all fly ash and white plaster dust in a licensed landfill within seven (7) days. Authority for this order can be found in Section 3734.05, Ohio Revised Code.

If you have questions concerning this order, please call 225-4443.

Sincerely,

John H. Bindeman
